Richard M. Johnson
Executive Director

A handwritten date "May 27, 2011" in blue ink is written over a horizontal line.

Date

TO ALL PROSPECTIVE BIDDERS:

All prospective bidders are hereby advised that this addendum includes amendments to the Contract Documents that were issued by the Sacramento Area Flood Control Agency on April 28, 2011. The bidders are to review all of the amendments listed herein, and acknowledge receipt of this addendum in the appropriate section of the Bid Form.

CLARIFICATION

For the purpose of bidding on this contract, bidders shall assume the following:

1. The levee contractor is required to grade the airport borrow sites to a tolerance of +/- 2.0-inches to the finished sub-grades shown on their contract documents.
2. Once their grading is complete, an as-built survey will be performed in order to obtain final approval from the Agency.
3. The levee contractor will then uniformly spread topsoil over the sub-grade.
4. Assume the levee contractor will spread the topsoil to a final tolerance of +/- 3.0-inches.

AMENDMENTS TO CONTRACT DOCUMENTS

PART III – TECHNICAL SPECIFICATIONS

Section 31 22 19 Precision Site Leveling

PART 3 – EXECUTION

3.05 FIELD QUALITY CONTROL

DELETE:

B. GRADE AND CROSS SECTION: Surveys to verify that the dimensions, slopes, lines and grades, maximum clod size, and tolerance limits conform to those shown on the Plans. A post-leveling survey report shall be provided to the Agency for review and approval.

REPLACE WITH:

B. GRADE AND CROSS SECTION: Surveys to verify that the dimensions, slopes, lines and grades, maximum clod size, and tolerance limits conform to those shown on the Plans. Pre and post leveling surveys shall be by means and methods adequate to determine contract quantities, and to ensure that sites are graded to drain to the slopes indicated on the project Plans. A post-leveling survey report shall be provided to the Agency for review and approval.
