6	<p>General Specifications Section 3-9 Insurance, Sec.3-9.01 General Liability and Sec.3-9.02 Automotive Liability call for \$5,000,000(Five Million Dollars) per occurrence in coverage. Sec. 3-9.01 H states this coverage to remain in effect "for not less than two (2) years after Final Acceptance of the Work." This is over the standard \$1,000,000 (One Million Dollars) coverage usually required for small projects such as 4357. Sec. 3-9.04 allows for an excess or umbrella to be added. This \$4,00,000 addition will cost about \$20,000 more making the engineers estimate unobtainable. The \$5,000,000 Limits are not mentioned in the Special Provisions. Are the \$5,000,000 limits required for Contract No. 4357?</p>	<p>Special Provision SP-41 has been added to the Contract via Addendum 2.</p>
7	<p>Does sec. 3-9.08 apply for Contract No. 4357?</p>	<p>Yes, Section 3-9.08 applies since there is work in the flood channel.</p>
8	<p>There is no bid bond form provided- so we will have our surety provide the form correct- or am I missing it in the docs?</p>	<p>Correct, there is no bid bond form provided.</p>
