U.S. Army Corps of Engineers – South Pacific Division Change of Command

On June 3, 2011, SAFCA participated in a Change of Command ceremony to officially recognize the new commander of the South Pacific Division, Colonel Michael C. Wehr. Colonel Wehr comes to us from an assignment in Afghanistan. Attachment 1 is a copy of Colonel Wehr's biography. Colonel Wehr has a lot of ties to Northern California and so he knows the area well.

He replaces Colonel William J. Leady (who was acting on an interim basis) as the new commander. This allows Colonel Leady to return to his command of the Sacramento District.
