This Agreement is made and entered into as of the 17th day of January, 1991, by and between the following parties:

a. City of Sacramento, hereinafter referred to as the "City";
b. County of Sacramento, hereinafter referred to as the "County";
c. Reclamation District 1000, hereinafter referred to as "RD 1000";
d. American River Flood Control District, hereinafter referred to as "ARFCD";
e. County of Sutter, hereinafter referred to as "Sutter";
f. Sacramento County Water Agency, hereinafter referred to as "Water Agency";
g. Sutter County Water Agency, hereinafter referred to as "Sutter Water Agency."

RECITALS

The Parties to this Agreement have and possess the power and authorization to acquire, construct, operate and maintain Works for the purpose of controlling and conserving waters for the protection of life and property that would or could be damaged by being inundated by still or flowing water.

However, there is a need for coordinated planning for the control of waters within or flowing into the boundaries of the
Parties and for the protection of private and public property within said boundaries.

There is a need for a coordinated and regional effort to finance, provide, and maintain Facilities and Works necessary to ensure not less than the minimum level of flood protection, as defined by the Federal Emergency Management Agency, in developed and urbanizing areas which are designated for residential, commercial, or industrial uses within the boundaries of the Parties.

There is a need to provide local assurances and participate in cost sharing for such projects as the levee reconstruction work as required by the Sacramento Urban Area Levee Reconstruction Project which was determined by the Assistant Secretary of the Army (Civil Works) to fall within the purview of the Sacramento River Flood Control Project, and for other Projects, Facilities or Works necessary for the achievement of interim 100 and at least a 200-year flood protection, as well as for the resolution of Water Control problems.

Such a regional Water Control plan can best be achieved through the cooperative action of the Parties operating through a Joint Exercise of Powers Agency.

Each of the Parties is authorized to contract with each other for the joint exercise of any common power under Article I, Chapter 5, Division 7, Title 1 of the Government Code.

Subject: Joint Powers Agreement

Government Code Section 6503.5 provides that the joint powers agency shall, within 30 days after the effective date of the agreement or amendment thereto, cause a notice of the agreement or amendment to be prepared and filed with the office of the Secretary of State. The notice must contain: a) the name of each public agency which is a party to the agreement; b) the date upon which the agreement became effective; c) a statement of the purpose of the agreement or the power to be exercised; and d) a description of the amendment or amendments made to the agreement, if any.

If the agency fails to file the notice required by Government Code §6503.5 within 30 days after the effective date of the agreement or amendment, the agency shall not thereafter, and until such filings are completed, issue any bonds or incur indebtedness of any kind.

Please advise concerning the status of the amended joint powers agreement so that I may prepare the appropriate notice. If you have any questions, please call.
