

**Tracy Hendren, P.E., Levee Safety Program Manager
US Army Corps of Engineers**

Washington, DC

Tel: (202) 761-5346

Email: Tracy.L.Hendren@sad01.usace.army.mil

Tracy Hendren is currently the Levee Safety Program Manager at the US Army Corps of Engineers Headquarters. Tracy's background includes design and construction of Civil and Military projects with both the federal government and private industry. He has a BS and MS in Civil Engineering from Georgia Tech and is a registered professional engineer in the State of Georgia. Prior to working in the USACE headquarters, Mr. Hendren held the position as the Regional Geotechnical Engineer for the South Atlantic Division of USACE in Atlanta, GA. His experience in flood damage reduction projects include the design and construction of levees and dams, as well as ecosystem restoration projects in the State of Florida.
