INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Sacramento Area Flood Control Agency
Sacramento, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Sacramento Area Flood Control Agency (Agency), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Agency, as of June 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of the Agency's proportionate share of the net pension, schedule of pension contributions, schedule of changes in the OPEB liability and related ratios, and budgetary comparison information, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2018, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

As management of the Sacramento Area Flood Control Agency (SAFCA), we offer readers of SAFCA's financial statements this narrative overview and analysis of the financial activities of SAFCA for the year ended June 30, 2018.

Please read it in conjunction with SAFCA's basic financial statements following this section.

Financial Highlights

- The liabilities and deferred inflows of resources of SAFCA exceeded its assets and deferred outflows of resources at June 30, 2018 by \$(93,133,509) (*net position*). Of this amount, \$78,543,309 was invested in capital assets, \$126,072,219 is restricted for specific purposes, with \$276,829 restricted for the Hansen Ranch Project. The unrestricted net position for the current fiscal year amounted to \$(297,749,037) and is negative due to the fact that SAFCA issued bonds to improve existing levees and other flood control facilities, but the facilities are owned by other entities.
- SAFCA's total net position increased by \$11,357,898 during Fiscal Year 2017-2018. This increase was due to increases in revenue from the State of California Department of Water Resources (DWR), Urban Flood Risk Reduction (UFRF) funding program and an increase in Special Capital Assessments from the Consolidated Capital Assessment District No. 2 (CCAD 2) due to a full year of assessment collections as compared to Fiscal Year 2017.
- As of the 2017-2018 Fiscal Year, SAFCA's governmental funds reported ending fund balances of \$151,475,071, an increase of \$5,640,795 in comparison with the prior year. The increase in fund balance is primarily due to the increase UFRF funding. Approximately seventeen percent of this total amount, \$25,294,925, is *available for expenditure* at the Agency's discretion (*assigned and unassigned fund balance*).
- SAFCA's total long-term debt decreased by a net amount of \$4,595,365 during the current fiscal year primarily due to paying of the 1996 Operations and Maintenance assessment bonds.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to SAFCA's basic financial statements composed of three components: 1) governmental-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of SAFCA's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of SAFCA's assets, deferred outflows of resources, liabilities, and deferred inflow of resources with the difference amongst the three reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of SAFCA is improving or deteriorating.

The *statement of activities* presents information showing how the Agency's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses, and inflows and outflows, are reported in this statement for some items that will only result in cash flows in future fiscal periods.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

The statement of activities distinguishes functions of SAFCA that are principally supported by charges for services and capital grants and contributions (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs.

The governmental activities of SAFCA include public protection, and public ways and facilities.

The government-wide financial statements can be found on pages 11-12 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. SAFCA, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of SAFCA's funds are governmental funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of nonspendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between *governmental funds* and *governmental activities*.

SAFCA reports three major governmental funds: General Fund, Capital Projects Fund and Debt Service Fund. SAFCA's Operations and Maintenance Assessment District No. 1 acts as the Agency's General Fund. Information is presented separately for each major fund in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances.

SAFCA adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund, as required supplementary information, to demonstrate compliance with this budget.

The governmental fund financial statements can be found on pages 13-14 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential to provide a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 15-40 of this report.

Government-wide Financial Analysis

As noted previously, net position may serve over time as a useful indicator of a government's financial position. In the case of SAFCA, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$93,133,509 at the end of June 30, 2018. The deficit in net position is caused by the financing of long-term capital improvement projects with funds received from the issuance of local assessment district bonds. In the long-term, property assessments will provide the revenues to pay the long-term debt financing, but the related Capital Improvements are owned by other governmental entities.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Key elements of the current year decreases/increases are as follows:

The current and other assets increased by \$8,977,830 (5.3%), which comprised primarily of increase funding in State DWR Urban Flood Risk Reduction Program (UFR). Total liabilities decreased by \$2,408,557 (.7%) due to the paying off the 1996 Operations and Maintenance Assessment Bonds. Total net investment in capital assets increased \$6,600,463 (9.2%) due to the purchase of land related to the Capital Projects Fund and addition of the D15 Pump Station.

Governmental Activities

For the year ended June 30, 2018, current year operations increased SAFCA's net position by \$11,357,898. The restatement of the Fiscal Year 2016-17 beginning net position reflects a net increase of \$5,677,608 due to recognition of OPEB liability as a result of the implementation of GASB 75 and to record the capitalization of SAFCA's D15 Pump Station.

The following is a summary of SAFCA's Statement of Activities for the fiscal years ended June 30, 2018 and 2017:

**Condensed Statement of Activities
Fiscal Year Ended June 30,**

	<u>2018</u>	<u>2017</u>
Program revenues:		
Charges for services	\$ 63,286,392	\$ 43,496,344
Capital grants and contributions	551,929	5,162,089
Total program revenues	<u>63,838,321</u>	<u>48,658,433</u>
General revenues:		
Interest and other income	2,006,241	408,545
Total general revenues	<u>2,006,241</u>	<u>408,545</u>
Total revenues	<u>65,844,562</u>	<u>49,066,978</u>
Expenses:		
Public protection	7,015,831	7,081,277
Public ways and facilities	32,521,021	24,513,913
Interest on long-term debt	14,949,812	11,106,829
Total expenses	<u>54,486,664</u>	<u>42,702,019</u>
Change in net position	11,357,898	6,364,959
Net position (deficit), beg of year, as restated	<u>(104,491,407)</u>	<u>(116,533,974)</u>
Net position (deficit), end of year	<u>\$ (93,133,509)</u>	<u>\$ (110,169,015)</u>

Key elements of current year decreases/increases are as follows:

- Charges for services increased by \$19,790,048 (46%) during the year due to increased funding for the UFFR program and the Early Implementation Program (EIP) from DWR and because UFFR revenue is now classified as Charges for services.
- Interest and other income increased by \$1,597,696 (391%) during the year primarily due to investments of CCAD No. 2 Bonds proceeds and increasing market rate returns.
- Public ways and facilities expenses increased by \$8,007,108 (33%) during the year due to the beginning of construction on the Levee Accreditation Project (LAP).

**SACRAMENTO AREA FLOOD CONTROL AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Financial Analysis of the Government's Funds

As noted earlier, SAFCA uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of SAFCA's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing SAFCA's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2018, SAFCA's governmental funds reported combined fund balances of \$151,475,071 an increase of \$5,640,795 (4%) in comparison with the prior year. Approximately \$198,270 or less than 1 percent of the total fund balance is nonspendable due to a trust agreement regarding Hansen Ranch, as well as prepaid expenses. The remaining 99 percent or \$151,276,801 is available to meet the Agency's current and future needs. \$11,144,165 is restricted for debt service payments, \$114,651,225 is restricted for capital projects, \$186,486 is restricted for Hansen Ranch, \$14,189,994 assigned for capital projects and the remaining \$11,104,931 of unassigned fund balances can be used for any Agency need.

~~The General Fund is the chief operating fund of SAFCA.~~ As of June 30, 2018, the unassigned fund balance of the General Fund was \$11,104,931 while the total fund balance was \$11,489,687. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned fund balance represents 168 percent of total General Fund expenditures, while total fund balance represents 174 percent of that same amount. The fund balance of SAFCA's General Fund increased by \$4,095,694 during Fiscal Year 2018. The increase was mainly due to the reclassification of project costs to the Capital Projects Fund, staff labor costs related to projects reimbursed to the General Fund and no bond related expenses were incurred.

The **Capital Projects Fund** consists of all SAFCA capital projects. As of June 30, 2018, total fund balance was \$128,841,219. The Capital Projects Fund consists of all the capital assessment districts and the development impact fee funds. The purpose of these projects is to improve levees and ensure the integrity of the existing levee system; provide a minimum of 100-year flood protection for the region; and pursue SAFCA's long-term goal of achieving a level of flood protection (200-year or greater) for the Sacramento area. The fund balance increased by \$10,079,017 (8%) during Fiscal Year 2018 due to an increase in funding for the UFFR and EIP programs.

The **Debt Service Fund** has a total fund balance of \$11,144,165 all of which is restricted for the payment of debt service. The fund balance decreased by \$8,497,916 (43%) during Fiscal Year 2018. The decrease is due to transfers from the debt service fund to the capital projects fund for construction costs.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

The following table compares the revenues and expenditures for Fiscal Years 2018 and 2017 along with the net change from 2017 to 2018, for total governmental funds.

Total Governmental Funds	FY 2018		FY 2017		Increase/(Decrease)	
	Amount	Percent of Total	Amount	Percent of Total	Amount	Percent
Revenues by Source						
Special benefit assessments	\$ 6,284,083	9.6%	\$ 6,220,015	13.0%	\$ 64,068	1.0%
Special capital assessments	32,438,798	49.7%	21,124,450	44.2%	11,314,348	53.6%
Aid from other governments	16,924,324	25.9%	5,015,588	10.5%	11,908,736	237.4%
Intergovernmental	-	0.0%	3,923,937	8.2%	(3,923,937)	100.0%
Development impact fees	7,639,187	11.7%	11,136,291	23.3%	(3,497,104)	-31.4%
Interest and other Income	2,006,241	3.1%	408,545	0.8%	1,597,696	391.1%
Total revenues	<u>\$ 65,292,633</u>	<u>100.0%</u>	<u>\$ 47,828,826</u>	<u>100.0%</u>	<u>\$ 17,463,807</u>	<u>36.5%</u>
Expenditures by Function						
Public protection	\$ 6,612,518	11.1%	\$ 7,372,694	13.5%	\$ (760,176)	-10.3%
Public ways and facilities	34,579,787	58.0%	29,200,757	53.5%	5,379,030	18.4%
Miscellaneous	229,721	0.4%	170,672	0.3%	59,049	34.6%
Bond issuance cost	-	0.0%	1,110,550	2.0%	(1,110,550)	-100.0%
Principal on long-term debt	3,280,000	5.5%	5,625,000	10.3%	(2,345,000)	-41.7%
Interest on long-term debt	14,949,812	25.0%	11,106,829	20.4%	3,842,983	34.6%
Total expenditures	<u>\$ 59,651,838</u>	<u>100.0%</u>	<u>\$ 54,586,502</u>	<u>100.0%</u>	<u>\$ 5,065,336</u>	<u>9.3%</u>

Special capital assessment revenue increased \$11,314,348 due to a full year of CCAD No. 2 tax levies. Aid from other governments increased by \$11,908,736 due to an increase in UFFR funding. Intergovernmental revenue decreased due to the classification of UFFR revenue to aid from other governments. Development impact fees decreased by \$3,497,104 primarily due to a decrease in development fees from the city of Sacramento. Interest and other income increased by \$1,597,696 due to an increase in investment rates of return and a larger balance of funds from CCAD No. 2. Public Protection expenditures decreased by \$760,176 due to the reduction of Contribution to Other Agencies. Public ways and facilities expenditures increased by \$5,379,030 due to the beginning of construction on LAP and a \$3,900,000 settlement with Nordic Industries, Inc. Principal payments on long-term debt decreased by \$2,345,000 due to less outstanding bonds. The interest on long-term debt increased by \$3,842,983 due to bond debt from the 2016 Consolidated Capital Assessment No 2 bonds.

General Fund Budgetary Highlights

During the year, actual revenues were less than budgeted revenues by \$787,969. Actual expenditures were less than budgetary estimates by \$1,466,946, primarily due to conservative budgeting for potential programs and cost increases. Due to the nature of the operations and maintenance of the General Fund it is not always possible to budget for uncertainties and its management's policy to maintain the budget based on potential program costs.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Capital Asset and Debt Administration

Capital Assets - SAFCA's investments in capital assets for its governmental activities as of June 30, 2018 amount to \$78,543,309 (net of accumulated depreciation). This investment in capital assets includes land, infrastructure, and equipment. The total increase in the SAFCA's investment in capital assets for the current fiscal year was 1 percent, or \$790,356. This increase was due to the purchase of land related to Capital Project Fund projects and a prior period adjustment to record the addition of the D15 Pump Station that was put into service in March 1997. SAFCA keeps records of all assets for governmental activities.

**Schedule of Capital Assets
June 30,**

	2018	2017
Land	\$ 72,280,877	\$ 71,184,726
Permanent Easements	758,120	758,120
Infrastructure, net	5,504,312	5,810,107
Total	<u>\$ 78,543,309</u>	<u>\$ 77,752,953</u>

Additional information on SAFCA's capital assets can be found in Note 6 on page 27 of the Notes to the Basic Financial Statements.

Long-term debt - At the end of the current fiscal year, SAFCA had local assessment district bonds outstanding of \$311,815,000. The majority of SAFCA's debt represents bonds secured by the assessment revenues of the CCAD II, Natomas Basin, and Operations & Maintenance Assessment Districts.

Summary of Outstanding Long Term Obligations

June 30,

	2018	2017
Local Assessment District Bonds	\$ 311,815,000	\$ 315,095,000
Add: Premium on		
Bonds Payable	37,085,547	38,400,912
Totals	<u>\$ 348,900,547</u>	<u>\$ 353,495,912</u>

Additional information on long-term debt can be found in Note 7 on pages 27-29 of the Notes to the Basic Financial Statements.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Economic Factors and Next Year's Budget

The Fiscal Year 2018-2019 Final Budget was adopted by SAFCA's Board of Directors on June 21, 2018. The budget supports SAFCA's continuing efforts to address the region's flood control needs during the coming year and is consistent with the objectives of SAFCA's current Strategic Plan. SAFCA's Strategic Plan identifies the efforts which SAFCA will undertake to ensure the integrity of the existing levee system; provide a minimum of 100-year flood protection for the region; and pursue SAFCA's long-term goal of achieving a high level of flood protection (200-year or greater) for the Sacramento area.

The proposed means, interfund transfers, of financing some of the \$84.85 million in total budgeted expenditures for Fiscal Year 2018-2019 includes:

- Estimated interest earnings:
 - General Fund
 - Operations & Maintenance Assessment District Fund: \$ 50,000
 - Capital Projects Fund
 - Consolidated Capital Assessment District No. 2 Fund: 50,000
- Assessments:
 - General Fund
 - Operations & Maintenance Assessment District Fund: 6,300,000
 - Capital Projects Fund
 - Consolidated Capital Assessment District No. 2 Fund: 7,000,000
- Other revenues:
 - General Fund
 - Services to Water Agencies Drainage: 1,200,000
 - Capital Projects Fund
 - State Aid: 14,000,000
 - Development Impact Fees: 3,200,000

Requests for Information

This financial report is designed to provide a general overview of SAFCA's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Jason D. Campbell, Deputy Executive Director, Sacramento Area Flood Control Agency, 1007 7th Street, 7th Floor, Sacramento, CA 95814 or phone (916) 874-7606.

Interest and other income	109,709	1,714,660	181,872	2,006,241
Total revenues	6,393,792	29,262,245	29,636,596	65,292,633
EXPENDITURES				
Current:				
Public protection	6,612,518	-	-	6,612,518
Public ways and facilities	-	34,579,787	-	34,579,787
Miscellaneous	-	-	229,721	229,721
Debt service:				
Principal	-	-	3,280,000	3,280,000
Interest	-	-	14,949,812	14,949,812
Total expenditures	6,612,518	34,579,787	18,459,533	59,651,838
Excess (deficiency) of revenues over (under) expenditures	(218,726)	(5,317,542)	11,177,063	5,640,795
OTHER FINANCING SOURCES (USES)				
Transfers in	6,230,474	21,627,033	1,952,054	29,809,561
Transfers out	(1,952,054)	(6,230,474)	(21,627,033)	(29,809,561)
Total other financing sources (uses)	4,278,420	15,396,559	(19,674,979)	-
NET CHANGE IN FUND BALANCES	4,059,694	10,079,017	(8,497,916)	5,640,795
Fund balances - Beginning of the year	7,429,993	118,762,202	19,642,081	145,834,276
Fund balances - End of the year	\$ 11,489,687	\$ 128,841,219	\$ 11,144,165	\$ 151,475,071

Amounts reported for governmental activities in the statement of activities are different because:

Net change in Fund Balances total governmental funds \$ 5,640,795

Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of these assets are capitalized and, except for land and easements, depreciated over their estimated useful lives. This is the amount by which capital outlays exceeded depreciation in the current period. 790,356

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds. 551,929

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.

Current year amortization of bond insurance	\$ (6,467)	
Current year amortization of loss of refunding - 2016	(635,152)	
Change in OPEB related amounts	(33,306)	
Change in pension related amounts	(442,674)	
Change in compensated absences	48,975	
Change in accrued interest payable	(1,175,615)	
Change in accrued rent payable	23,692	
Change in contingencies payable	2,000,000	
Current year amortization of bond premium	1,315,365	1,094,818

The issuance of long-term debt (e.g. bonds, loans) provides current financial resources to governmental fund, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of prepaid bond insurance discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amount is the net effect of these differences in the treatment of long-term debt and related items.

Repayment of Debt (Principal Reduction) 3,280,000

Change in net position of governmental activities \$ 11,357,898

See accompanying notes to the basic financial statements.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 1-REPORTING ENTITY

Definition of Reporting Entity and Governing Board

The Sacramento Area Flood Control Agency (SAFCA) is a political subdivision of the State of California. It was created January 1, 1990 under the laws of the State of California and provisions of a Joint Exercise of Powers Agreement. Parties to this agreement are the County of Sacramento (County), County of Sutter, City of Sacramento, Reclamation District No. 1000, and the American River Flood Control District. SAFCA was formed to plan, coordinate, and finance regional flood protection improvements in the Sacramento area.

SAFCA is governed by a Board of Directors composed of thirteen members appointed by the parties to the agreement. Five members are appointed by the Sacramento County Board of Supervisors, one from the Sutter County Board of Supervisors, three from the Sacramento City Council, two from Reclamation District No. 1000, and two from the American River Flood Control District. Employees of SAFCA are contracted from the County of Sacramento and City of Sacramento.

Districts and Programs

The SAFCA Board of Directors established several assessment districts to facilitate operations of the organization. These assessment districts which operate within SAFCA's boundaries and governed by the SAFCA Board of Directors include:

Operations and Maintenance Assessment District No. 1

The district which was established by Resolution 91-010 on June 20, 1991 resulting from the Sacramento Area Flood Control Agency Act augmented by the California State Legislature which granted SAFCA the ability to levy and collect assessments and to pay for administrative, operations and maintenance costs.

SAFCA North Area Local Project Capital Assessment District No. 2

The district was established by Resolution 95-112 on September 21, 1995. The SAFCA Board of Directors authorized the issuance of bonds in the principal amount of \$84,345,000; in Fiscal Year 2005 additional bonds were authorized and issued in the principal amount of \$34,595,000.

SAFCA Consolidated Capital Assessment District

The district was established by Resolution 07-052 on May 31, 2007. In 2007 and 2008 the SAFCA Board of Directors authorized the issuance of bonds in the principal amount of \$172,095,000. In Fiscal Year 2013 additional bonds were authorized and issued in the principal amount of \$38,000,000. In Fiscal Year 2016 additional bonds were authorized and issued in the principal amount of \$16,505,000.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 1-REPORTING ENTITY, (Continued)

SAFCA Development Impact Fee Program

The program was established by Resolution 09-010 on May 15, 2008, and becoming effective January 1, 2009. The purpose of the program is to augment the existing Consolidated Capital Assessment District (CCAD No. 1) funding sources for achieving at least a 200-year level of flood protection for the Sacramento Area over the next 11 years thereby offsetting any increase in exposure to flood damages that might otherwise result as new development occurs in the protected floodplain during this period.

SAFCA Natomas Basin Local Assessment District

The district was established by Resolution 2001-052 on April 29, 2011. The SAFCA Board of Directors authorized on June 16, 2011, the issuance of bond anticipation notes in the amount of \$6,200,000. The SAFCA Board of Directors authorized on May 15, 2014, the issuance of bonds in the principal amount of \$35,350,000 part of which was used to pay the balance due on the 2011 bond anticipation notes.

SAFCA Consolidated Capital Assessment District No. 2

The district was established by Resolution No. 2016-108 adopted on October 20, 2016, as amended by Resolution No. 2016-114 adopted on November 3, 2016. The SAFCA Board of Directors authorized the issuance of bonds in the principal amount of \$278,195,000. SAFCA formed CCAD No. 2 to amend and replace CCAD to increase funding capacity by extending annual assessment revenue collection period and updating the assessment methodology. All four series of SAFCA's bonds secured by the original CCAD assessments have been refunded.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Government-wide Financial Statements

The statement of net position and statement of activities display information about the primary government (SAFCA). These statements include the financial activities of the overall government. The statement of activities presents direct expenses and program revenues for each function of SAFCA's governmental activities. Direct expenses are those that are specifically associated with a program or function and; therefore, are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including interest and other income, are presented instead as general revenues.

When both restricted and unrestricted resources are available, restricted resources are used first, then unrestricted resources as needed.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

Fund Financial Statements

The fund financial statements provide information about SAFCA's funds, which include only *governmental funds*.

SAFCA reports the following major governmental funds:

The *General Fund* is the main operating fund and is used to account for all revenues and expenditures necessary to carry out basic governmental activities of SAFCA that are not accounted for through other funds. For SAFCA, the General Fund's activities include public protection only.

The *Capital Projects Fund* is used to account for the bond proceeds and the accumulation of other resources for, and expenditures relating to financing, or reimbursing, SAFCA for the cost of certain flood control facilities consisting of a series of levee and other flood control improvements to be acquired and constructed.

The *Debt Service Fund* is used to account for all revenues received from the annual levy and collection of assessments when received. The monies are used to pay interest, principal and redemption premiums on all debts including the, Series 2014 and 2016 revenue bonds as well as the Operations and Maintenance assessment bonds. Through June 30, 2018, the Debt Service Fund funded all principal and interest payments as scheduled.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which SAFCA gives (or receives) value without directly receiving (or giving) equal value in exchange, includes special assessments, grants, entitlements and donations. On an accrual basis, revenue from special assessments is recognized in the fiscal year for which the assessments are levied. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Special assessments, interest and certain state and federal grants are accrued when their receipt occurs within three hundred sixty five days after the end of the accounting period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and the sale of capital assets are reported as other financing sources.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are exchange or exchange-like transactions between functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. SAFCA did not have any of these types of transactions.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

Cash and Investments

Pursuant to the Joint Exercise of Powers Agreement, the Treasurer of the County of Sacramento (County) has custody of all cash and investment balances and is the fiscal agent for SAFCA. All investments in the debt service fund represent bond reserves held with third party trustees; the remainder of SAFCA's cash is pooled in Sacramento County's Treasury Pool. SAFCA's share of the pooled cash account is separately accounted for and interest earned, net of related expenses, is apportioned at the end of each quarter based upon the relationship of its daily cash balance to the total of the pooled account. SAFCA is an involuntary participant in the pool.

The value of SAFCA's shares in the pools is determined on an amortized cost basis, which may be different from fair value.

Capital Assets

Capital assets should be depreciated over their useful lives unless they are either inexhaustible or are infrastructure assets reported using the modified approach. Inexhaustible capital assets such as land, land improvements, and permanent easement should not be depreciated.

Capital assets may be sold, abandoned, or traded in on new assets. Assets which have been retired or disposed of must be removed from capital accounts including related accumulated depreciation.

For simplicity and consistency, the straight-line depreciation method (cost divided by useful life) will be used for depreciation of all depreciable capital assets. In addition, it will be assumed that the capital assets will have no salvage value.

SAFCA uses the following asset classifications, thresholds, and useful lives:

CAPITAL ASSET	THRESHOLD	USEFUL LIFE
Equipment	\$5,000	5 – 10 years
Buildings & Improvements	\$100,000	40 Years
Land and Permanent Easements	N/A – Capitalize All	No useful life assigned for inexhaustible assets
Infrastructure	\$3,000,000	40 years

Special Benefit Assessments

Special benefit assessments are recognized and apportioned only as received. The special benefit assessment is billed with the Sacramento and Sutter County property taxes. It is, however, not a property tax since it is exempt from the tax rate limitation pursuant to Article XIII A of the California Constitution. Assessments are payable in equal installments on November 1 and February 1. They become delinquent after December 10 and April 10, respectively. The assessment date is July 1 and the lien date is January 1 of each year.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

Special Capital Assessments

Special capital assessments are levied on parcels of property in the Capital Assessment Districts to satisfy the annual debt service during the ensuing bond year. Although the annual special capital assessments constitute liens on the lots and parcels assessed, they do not constitute a personal indebtedness of the respective owners of the lots and parcels. Furthermore, there is no assurance as to the ability or the willingness of the owners to pay the special capital assessments.

The special capital assessments are levied annually on the County's secured tax roll on which general taxes on real property are billed. The special capital assessments are payable and become delinquent at the same time and in the same proportionate amounts and bear the same proportionate penalties and interest after delinquency as do the general taxes except that accelerated foreclosure procedures are imposed. Amounts not received at year-end are delinquent. Special capital assessments are recognized and apportioned to SAFCA in installments.

Development Impact Fee

The Counties of Sacramento and Sutter, and the City of Sacramento, collect the Development Impact Fee as a condition of issuance of a building permit for any building, for which building permit is required, located in the Program Area (Lower American and Sacramento Rivers and their tributaries) that has a finished floor below elevation 35.6 feet. As funds are collected by the Counties and City, the collections are remitted to SAFCA and recorded in SAFCA's Capital Projects Fund.

Receivables

SAFCA does not accrue an allowance for doubtful accounts for special benefit assessments as the Sacramento Area Flood Control Agency Act provides authority for accelerated judicial foreclosure in the event of nonpayment.

SAFCA does not accrue an allowance for doubtful accounts for special capital assessments as SAFCA participates in the County's Teeter Plan where the County has historically purchased 100 percent of SAFCA's delinquent assessments. Under the Teeter Plan, the County purchases the annual delinquent secured property taxes from the local taxing entities and selected special assessment districts in Sacramento County.

Due from other governments totals \$25,367,547 as of June 30, 2018 of which \$17,102,351 is related to the Early Implementation Plan, \$6,224,404 to the Urban Flood Risk Reduction Agreement with the California Department of Water Resources and \$2,040,178 is due from the County of Sacramento for development impact fees.

Deposits with others

Deposits with others consist of contract retentions. The disposition of these funds is determined by construction contracts. Typically, the funds are applied to the payment of construction contracts. As of June 30, 2018, deposits for contract retentions are zero dollars.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position may report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an expense/expenditure until then. Deferred outflows of resources consist of the loss incurred in refunding a prior bond issuance and deferred outflows related to pensions from contributions made subsequent to the measurement date and which will be recognized as a reduction of the net pension liability in the following year. As of June 30, 2018 the loss on debt refunding totaled \$12,703,049, net of accumulated amortization. Amortization of the loss on debt refunding is computed using the straight-line method, over the remaining life of the related bond. The deferred outflows related to pensions as of June 30, 2018 is \$855,147.

In addition to liabilities, the statement of net position will sometimes report a section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. SAFCA has two items that qualify for reporting in this category. Deferred inflows related to pensions of \$149,347 and Deferred inflows related to OPEB of \$14,718.

In addition to liabilities, the balance sheet of the governmental funds reports a separate section of deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applied to a future period(s) and so will not be recognized as revenue until that time. SAFCA has one item that qualifies for reporting in this category, which arises only under modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, this item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from Early Implementation Program (EIP) of \$17,102,351. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Prepaid Bond Insurance

Bond insurance is required by the issuance of the 2014 and 2016 revenue bonds in lieu of making a reserve fund deposit. As of June 30, 2018 prepaid bond insurance totaled \$169,761, net of accumulated amortization. Amortization of the prepaid bond insurance is computed using the straight-line method, over the remaining life of the related bond.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of SAFCA's California Public Employees Retirement System (CalPERS) plans and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

Use of Estimates

The preparation of the financial statements requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, deferred outflows of resources and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements

SAFCA categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

SAFCA is a participant in the Sacramento County Treasurer's Pool (County Pool). The County Pool is an external investment pool, is not rated and is not registered with the Securities Exchange Commission (SEC). Cash on deposit in the County Pool at June 30, 2018, is stated at fair value. The County Pool values participant shares on an amortized cost basis during the year and adjusts to fair value at year-end. For further information regarding the County Pool, refer to the County of Sacramento Comprehensive Annual Financial Report.

Effect of New GASB Pronouncements

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* Effective July 1, 2017, SAFCA implemented GASB Statement No. 75. The objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. Note disclosure and required supplementary information requirements about OPEB have been addressed.

GASB Statement No. 81, *Irrevocable Split-Interest Agreements*

Effective July 1, 2018, SAFCA implemented GASB Statement No. 81. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. There was no material impact to the financial statements.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

GASB Statement No. 85, *Omnibus 2017*

Effective July 1, 2018, SAFCA implemented GASB Statement No. 85. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). There was no material impact to the financial statements.

GASB Statement No. 86, *Certain Debt Extinguishment Issues*

Effective July 1, 2018, SAFCA implemented GASB Statement No. 86. The objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources; resources other than the proceeds of refunding debt are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. There was no material impact to the financial statements.

NOTE 3 – FUND BALANCES AND NET POSITION

Fund Balance

Governmental funds report fund balance in classifications based primarily on the extent to which the SAFCA is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

As of June 30, 2018, fund balances for government funds are made up of the following:

- *Nonspendable Fund Balance* – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact such as an endowment. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: amounts held for perpetuity, prepaid amounts, and long-term receivables.
- *Restricted Fund Balance* – includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- *Committed Fund Balance* – includes amounts that can only be used for the specific purposes determined by a formal action of the SAFCA’s highest level of decision-making authority, SAFCA’s Board of Directors. Commitments may be changed or lifted only by SAFCA taking the same formal action that imposed the constraint originally. For SAFCA, the commitments would occur by a resolution approved by the Board of Directors.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 3 – FUND BALANCES AND NET POSITION (Continued)

- *Assigned Fund Balance* – comprises amounts intended to be used by the SAFCA for specific purposes that are neither restricted nor committed. Intent is expressed by (1) SAFCA's Board of Directors or the Executive Director, or their nominee, to which SAFCA's Board of Directors have delegated the authority to assign amounts to be used for specific purposes and to assign the residual amount for the capital projects and debt service funds.
- *Unassigned Fund Balance* – is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

NOTE 4 – CASH AND INVESTMENTS

SAFCA's cash and investments are held in the County Treasurer's pool. In addition, the County, acting in a trustee capacity, established a separate cash and investments pool (fiscal agent pool) to segregate and invest monies in accordance with long-term obligation covenants.

Cash and investments as of June 30, 2018, consist of the following:

SAFCA maintains cash deposits and investments with the County and participates in the investment pool of the County, which is not rated by credit rating agencies. At June 30, 2018, the carrying amount of SAFCA's investments held by the County as part of the Treasurer's pool was \$90,394,875. The weighted average maturity of the Treasurer's pool was 160 days at June 30, 2018. SAFCA does not have a separate investment policy. In addition, SAFCA's restricted cash and investments held with the County Treasurer in a separate fiscal agent pool totaled \$61,550,827 at June 30, 2018.

California Government Code authorizes the Treasurer of the County to invest excess funds in the following list of eligible securities:

- a) Obligations of the County or any local agency and instrumentality in or of the State of California.
- b) Obligations of the U.S. Treasury, agencies and instrumentalities.
- c) Bankers' acceptances eligible for purchase by the Federal Reserve System.
- d) Commercial paper with an A-1 rating by Moody's Investors Service or a P-1 rating by Standard & Poor's Corporation.
- e) Repurchase agreements or reverse repurchase agreements.
- f) Medium-term notes with a five-year maximum maturity of corporations operating within the United States and rated in the top three rating categories by Moody's Investors Service and Standard & Poor's Corporation.
- g) Shares of beneficial interest issued by diversified management companies (money market funds) investing in securities and obligations as outlined in a) through f) above. Certain security rankings and/or organizational requirements apply to this type of investment.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 4 – CASH AND INVESTMENTS (Continued)

The County Treasurer's investment pool is subject to oversight by the Treasury Oversight Committee.

Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or SAFCA's investment policy. Permitted investments include investments in the Sacramento County Pooled Investment Fund which is managed by the County of Sacramento Treasurer.

The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

The maximum maturity of any investment will be five years. The dollar weighted average maturity of all securities will be equal to or less than three years.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage Allowed</u>	<u>Maximum Investment in One Issuer</u>
U.S Treasury Notes and Bills	5 years	100%	None
U.S. Government Agencies	5 years	100%	None
Single Issuer and Related Entities	5 years	80%	10%

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in the market interest rate.

<u>Investment Type</u>	<u>Amount</u>	<u>Weighted Average Maturity (in years)</u>
Held with fiscal agent:		
Treasury Bills	\$ 14,699,571	0.21
U.S. Agency Notes	41,673,243	0.23
Supranationals	5,187,301	0.04
Total	<u>\$ 61,560,115</u>	

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 4 – CASH AND INVESTMENTS (Continued)

Credit Risk

This is the risk that an issuer or other counterparty to a debt instrument will not fulfill its obligations. For short-term investments, the issuers' rating must be A-1 and P-1, and the long-term rating must be A- and A3, respectively by Standard & Poor's and Moody's rating agencies. NR represents securities that are not rated.

Investment Type	Amount	Ratings as of June 30, 2018
Held with fiscal agent:		
Treasury Bills	\$ 14,699,571	Aaa/AA+
U.S. Agency Notes	41,673,243	Aaa/AA+
Supranationals	5,187,301	Aaa/AA+
Total	<u>\$ 61,560,115</u>	

Concentration of Credit Risk

This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Investments in any one issuer that represent five percent or more of SAFCA's total investments are shown below as of June 30, 2018. All of the investments are reported in the Debt Service Fund.

Investment Type	Description	Amount	Percentage of portfolio
FHLB Discount Notes	Government Securities	\$ 41,673,243	68%
Supranationals	Supranationals	5,187,301	8%

Custodial Credit Risk

This is the risk that in the event a financial institution or counterparty fails, SAFCA would not be able to recover the value of its deposits and investments. As of June 30, 2018, 100% of SAFCA's investments are held in SAFCA's name and not exposed to custodial credit risk. SAFCA does not have a policy for custodial credit risk.

Fair Value Measurements

SAFCA categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 input are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 4 – CASH AND INVESTMENTS (Continued)

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The SAFCA's assessment of the significance of particular inputs to these fair value measurements require judgements and considers factors specific to each asset or liability. Deposits and withdrawals from the County Pool are made in the basis of \$1 and not fair value. Accordingly, SAFCA's proportionate share of investments in the County Pool at June 30, 2018 of \$90,666,874 in an uncategorized input not defined as a Level 1, Level 2, or Level 3 input.

The following table summarizes SAFCA's investments within the value hierarchy at June 30, 2018:

<u>Investments by fair value level</u>	<u>Amount</u>	<u>Quoted Prices in Active Markets for identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Treasury Bills	\$ 14,699,571	\$	\$ 14,699,571	\$
FHLB Discount Notes	41,673,243		41,673,243	
Supranationals	5,187,301		5,187,301	
Total debt securities	<u>61,560,115</u>	<u>\$ -</u>	<u>\$ 61,560,115</u>	<u>\$ -</u>
Total Investments by fair value level	<u>\$ 61,560,115</u>			

NOTE 5 – INTERFUND TRANSACTIONS

Interfund transfers

Interfund transfers during the year ended June 30, 2018 are summarized as follows:

	<u>General Fund</u>	<u>Capital Projects Fund</u>	<u>Debt Service Fund</u>	<u>Total</u>
Transfer In:	\$ 6,230,474	\$ 21,627,033	\$ 1,952,054	\$ 29,809,561
Transfers Out:	(1,952,054)	(6,230,474)	(21,627,033)	(29,809,561)
Total	<u>\$ 4,278,420</u>	<u>\$ 15,396,559</u>	<u>\$ (19,674,979)</u>	<u>\$ -</u>

SAFCA's General Fund made a transfer of \$1,952,054 to the Debt Service Fund for payoff the 1996 Operations and Maintenance Bonds. Also a \$6,230,474 transfer was made to the General Fund from the Capital Projects Fund for Intra Cost Recovery. SAFCA Debt Service fund made a transfer of \$9,587,033 to Capital Projects' Fund to close out defeased bonds and a transfer of \$12,040,000 for construction costs.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 6 – CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2018 was as follows:

	Restated Balance at 6/30/2017	Additions	Retirement	Balance at 6/30/2018
Capital assets, not being depreciated:				
Land	\$ 71,184,726	\$ 1,096,151	\$ -	\$ 72,280,877
Permanent easement	758,120			758,120
	<u>71,942,846</u>	<u>1,096,151</u>	<u>-</u>	<u>73,038,997</u>
Capital assets, being depreciated:				
Infrastructure	12,231,805			12,231,805
Equipment	35,932			35,932
Less accumulated depreciation	<u>(6,457,630)</u>	<u>(305,795)</u>		<u>(6,763,425)</u>
Total capital assets, being depreciated, net	<u>5,810,107</u>	<u>(305,795)</u>	<u>-</u>	<u>5,504,312</u>
Capital assets, net, as restated	<u>\$ 77,752,953</u>	<u>\$ 790,356</u>	<u>\$ -</u>	<u>\$ 78,543,309</u>

NOTE 7 – LONG-TERM OBLIGATIONS

Long-term obligations consist of the following at June 30, 2018:

Series 2014 Natomas Basin Local Assessment District Bonds due on October 1, 2018 through October 1, 2034 with interest at 5.000%. Bonds maturing after October 1, 2025 are subject to optional redemption.	\$15,885,000
Series 2014 Natomas Basin Local Assessment District Bonds due on October 1, 2035 through October 1, 2039 with interest at 5.000%, subject to mandatory redemption.	7,790,000
Series 2014 Natomas Basin Local Assessment District Bonds due on October 1, 2040 through October 1, 2044 with interest at 5.000%, subject to mandatory redemption.	9,945,000
Series 2016 Consolidated Capital Assessment District No. 2 Taxable Bonds Due October 1, 2018 through October 1, 2023 with interest rates ranging from 1.405% to 2.849%	25,700,000
Series 2016 Consolidated Capital Assessment District No. 2 Serial Bonds Due October 1, 2023 through October 1, 2036 with interest at 5.000%	103,205,000
Series 2016 Consolidated Capital Assessment District No. 2, 2041 Term Bonds Due October 1, 2037 through October 1, 2041 with interest at 5.000%	58,070,000

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 7 – LONG-TERM OBLIGATIONS (Continued)

Series 2016 Consolidated Capital Assessment District No. 2, 2043 Term Bonds Due October 1, 2042 through October 1, 2043 with interest at 5.000%	27,495,000
Series 2016 Consolidated Capital Assessment District No. 2, 2047 Term Bonds Due October 1, 2044 through October 1, 2047 with interest at 5.000%	<u>63,725,000</u>
Total long-term obligations	<u>\$311,815,000</u>

The aggregate amount of debt service on long-term debt outstanding at June 30, 2018 is as follows:

Year Ending June 30,	Principal	Interest
2019	\$ 5,415,000	\$ 14,776,014
2020	5,510,000	14,655,485
2021	5,630,000	14,512,272
2022	5,770,000	14,354,867
2023	10,425,000	14,178,414
2024-2028	35,970,000	66,106,750
2029-2033	44,830,000	56,371,250
2034-2038	57,230,000	43,945,625
2039-2043	73,040,000	28,085,750
2044-2048	67,995,000	8,375,750
Total	<u>\$ 311,815,000</u>	<u>\$ 275,362,177</u>

On May 28, 2014, the SAFCA issued \$35,350,000 of 2014 Natomas Basin Local Assessment District Bonds with interest rates ranging from 2.000% to 5.000%. Proceeds from this issue were used to (i) prepay the outstanding amount of the SAFCA's Bond Anticipation Notes, Series 2011 (ii) finance a portion of the cost of certain flood control facilities consisting of a series of levee and other flood control improvements to be acquired and constructed under and pursuant to the Act (iii) pay the cost of the Policy and a debt service reserve fund insurance policy and (iv) pay the costs of issuance of the Series 2014 Bonds. The bonds are secured by NBLAD assessments levied by the SAFCA on property in the SAFCA Natomas Basin Local Assessment District. SAFCA has covenanted that, so long as any Bonds are outstanding, it will annually levy in each Fiscal Year, through Fiscal Year 2052-2053, the NBLAD Assessments against all Assessable Land in the District not to exceed the maximum rates specified in the Final Engineer's Report for the District dated April 28, 2011. The collection of the Natomas Basin Local Assessment District Assessments should be equal to at least one hundred ten percent (110%) of the annual debt service.

The Series 2014 Bonds maturing on or after October 1, 2025, are subject to optional redemption by the SAFCA. The Series 2014 Bonds maturing on October 1, 2039, and October 1, 2044, are subject to mandatory sinking fund redemption by SAFCA. Total principal and interest remaining on the Natomas Basin Local Assessment District bonds, series 2014 is \$63,437,050 payable through October 2044. For Fiscal Year 2018, principal and interest paid and total assessment revenues collected were \$590,000, \$1,692,800, and \$2,803,867, respectively.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 7 – LONG-TERM OBLIGATIONS (Continued)

On October 20, 2016, the SAFCA issued \$252,495,000 Consolidated Capital Assessment District No. 2 Bonds with an interest rate of 5.000% and \$25,700,000 (Federally Taxable) Consolidated Capital Assessment District No. 2 Bonds with interest rate ranging from 1.405% to 2.849%, pursuant to the Sacramento Area Flood Control Agency Act. The Series 2016 Bonds are secured by assessments levied by SAFCA on property in the SAFCA Consolidated Capital Assessment District No. 2. Proceeds of the Series 2016 Bonds were used to provide funds to (i) refund in full SAFCA's outstanding Capital Assessment District Bonds, Series 2007A, Series 2008, Series 2012, and Consolidated Capital Assessment District Subordinated Bonds, Series 2015, (ii) finance certain flood control facilities; (iii) pay the cost of a debt service reserve insurance policy to be issued by Assured Guaranty Municipal Corp.; (iv) fund capitalized interest on a portion of the Series 2016 Bonds through October 1, 2017; and (v) pay costs of issuance of the Series 2016 Bonds. For Fiscal Year 2018, interest paid and the total assessment revenues collected were \$13,177,829 and \$26,650,857, respectively.

Changes in long-term obligations for the fiscal year ended June 30, 2018 were as follows:

	July 1, 2017 Balance	Increase	Decrease	June 30, 2018 Balance	Due within one year
1996 Local Assessment District Bonds	\$ 2,690,000	\$ -	\$ (2,690,000)	\$ -	\$ -
2014 Local Assessment District Bonds	34,210,000	-	(590,000)	33,620,000	615,000
2016 Local Assessment District Bonds	278,195,000	-	-	278,195,000	4,800,000
Subtotal	315,095,000	-	(3,280,000)	311,815,000	5,415,000
Deferred Amounts:					
2014 Issuance Premium	3,681,472		(135,100)	3,546,372	135,100
2016 Issuance Premium	34,719,440		(1,180,264)	33,539,175	1,180,264
Total	\$ 353,495,912	\$ -	\$ (4,595,364)	\$ 348,900,547	\$ 6,730,364

The Federal Tax Reform Act of 1986 requires issuers of tax-exempt debt to make payments to the United States Treasury of investment income received at yields that exceed the issuer's tax-exempt borrowing rates. The U.S. Treasury requires payment every five years. The potential liability, if any, to be paid April 2023 will fluctuate based upon the stream of construction draw downs and changing investment yields. As of June 30, 2018, SAFCA has no arbitrage liability.

NOTE 8 – OPERATING LEASES

SAFCA entered into a lease agreement on August 15, 2013 for office and storage space. The lease term is for 68 months starting March 1, 2014. The lease allows SAFCA two (2) five (5) year extensions with 360 day notice prior to expiration. The agreement does not have an early termination clause.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 8 – OPERATING LEASES – (Continued)

The agreement provided for no rent for the first eight months to be reduced by any excess cost of construction to be paid by the Lessee. The final Lessee cost was \$37,973 and resulted in the rent free period to be reduced to five months and a reduced rental payment. Full rental payments will begin with month seven of the lease. The annual rate increase under the lease is 2.70% per year for office space and 5.00% per year for storage space.

Rent expense is amortized using the straight line method over the life of the lease. Rental expenditures for the year ended June 30, 2018 were \$228,244.

The future minimum rental payments required under the operating lease is as follows

<u>Year Ending June 30,</u>	<u>Amount</u>
2019	\$ 234,277
2020	78,763
Total	<u>\$ 313,040</u>

NOTE 9 – RELATED PARTY TRANSACTIONS

For the year ended June 30, 2017, the County of Sacramento, a related party, owed SAFCA \$416,658 for interest earned on Treasury Deposits, \$2,040,178 in Development Impact Fees collected, and \$614 in assessments collected. SAFCA uses other County departments for other services, such as risk management, engineering, accounting, etc. Amounts paid to the County during the year for Public Protection and Public Ways and Facilities were \$1,072,819.

NOTE 10 – COMMITMENTS AND CONTINGENCIES

Construction Commitments

As of June 30, 2018, SAFCA has three open construction contracts. These contracts are cancelable at any time, with cause, upon five days written notice by the Board. The total amount of construction commitments in the Capital Projects Fund is approximately \$20,611,219 and is reported in the restricted fund balance.

Claims

In December of 2012, SAFCA received a claim from Nordic Industries Inc. in the amount of \$6,504,588 for additional cost impacts due to high water in the Sacramento River during the 2010-11 winter season; higher costs due to increased fuel and bentonite costs; and scheduling and sequencing changes. Nordic amended its claim March 8, 2013 to add \$458,242 for a total claim of \$6,962,900. The amended claim added costs for additional productivity losses, further increased fuel and bentonite costs, utility conflicts, and more scheduling and sequencing changes. SAFCA settled with Nordic Industries Inc. in March of 2018 for \$3,900,000.

Litigation

SAFCA is involved in various claims and litigation, which is considered normal to SAFCA's regional planning activities. In the opinion of SAFCA's management, SAFCA does not believe the ultimate resolution of these matters will have an adverse material effect on SAFCA's financial position.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 10 – COMMITMENTS AND CONTINGENCIES – (Continued)

Conveyance of Land

Several parcels of land and permanent easements acquired with funds from the Early Implementation Program, for the construction of levee projects are to be conveyed to the State of California. SAFCA will retain portions of affected parcels. The transfer of property titles are expected to start occurring in the Fiscal Year ending June 30, 2019. The carrying value of the land is not known as of June 30, 2018.

NOTE 11 – RISK MANAGEMENT

SAFCA is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. SAFCA reports all of its risk management activities in its General Fund. SAFCA purchases commercial insurance for property damage and liability through an insurance agent, who obtains the appropriate insurance coverage needed by SAFCA from insurance companies. In addition, SAFCA participates in the County's self-insurance program for workers' compensation and employer's liability. Annual premiums are based primarily on claims experience. Premiums paid for future accounting periods are recorded as a prepaid expense.

SAFCA deductibles and maximum coverage follows:

Coverage	Limits	Deductibles/SIR	Carrier	Effective Date	Policy Number or Memorandum Number
General Liability, Public Officials Liability and Automobile Liability	(1) \$25,000,000 Occurrence and Aggregate	\$100,000 SIR applies to General Liability, Public Officials Liability and Automobile Liability	(1) CSAC Excess Insurance Authority (2) Various Insurers	7/1/17 - 7/1/18	(1) EIA-PE 17 EL 62
	(2) \$25,000,000 OEL Total \$50,000,000			7/1/17 - 7/1/18	(2) PK1019617
Workers' Compensation and Employer's Liability (As Applicable)	WC - Statutory Employers' Liability \$5,000,000	\$3,000,000 SIR	CSAC Excess Insurance Authority	7/1/17 - 7/1/18	EIA 17EWC - 30
Property All Risk	\$7,849,109	\$1,000	Lexington Insurance	7/1/17 - 7/1/18	017471589/05
Boiler and Machinery (Included in Property Policy)	Included	\$2,500	Included	Included	017471589/05

During the past three fiscal years, there were no instances of settlements, which exceeded insurance coverage and no significant reductions in insurance coverage.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 12 – DEFERRED INFLOWS OF RESOURCES – UNAVAILABLE REVENUES

In the governmental funds, the agency reports deferred inflows resulting from unavailable revenue under the Early Implementation Plan with the California Department of Water Resources (DWR). The revenue is not expected to be collected in the next 365 days. The amount due from DWR for unavailable revenue increased by 551,929 since June 30, 2017, going from \$16,550,422 to \$17,102,351.

NOTE 13 - DEFINED BENEFIT PENSION PLAN

Plan Descriptions – All qualified permanent and probationary employees are eligible to participate in the SAFCA's Miscellaneous Employee Pension Plan, cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees Retirement System (CalPERS). SAFCA joined CalPERS in June 2015. Benefit provisions under the Plans are established by State statute and SAFCA resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information can be found on the CalPERS website at: <https://www.calpers.ca.gov/page/forms-publications>.

Benefits Provided – CalPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plan's provisions and benefits in effect at June 30, 2018, are summarized as follows:

	Miscellaneous	
	Prior to January 1, 2013- Classic	On or after January 1, 2013 - PEPRA
Hire Date		
Formula	2.0% @ 55	2% @ 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	monthly for life	monthly for life
Retirement age	50-67	52-67
Required employee contribution rates	7%	7%
Required employer contribution rates	12.43%	6.75%

Contributions – Section 20814(c) of the California Public Employees' Retirement law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in rate. Funding contributions for both Plans are determined annual on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. SAFCA is required to contribute the difference between the actuarially determined rate and the contribution rates of employees.

For the year ended June 30, 2018, employer contributions were \$203,862.

NOTE 13 - DEFINED BENEFIT PENSION PLAN, (Continued)

B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2018, SAFCA reported net pension liabilities for its proportionate shares of the net pension liability of \$797,730.

SAFCA's net pension liability is measured as the proportionate share of net pension liability. The net pension liability of the Plan is measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016, rolled forward using standard update procedures. SAFCA's proportion of the net pension liability based on a projection of SAFCA's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. SAFCA's proportionate share of the net pension liability measured as of June 30, 2017 was .0202 percent, an increase of .00135 percent from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, SAFCA recognized pension expense of (\$91,930). At June 30, 2018, SAFCA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between actual and expected experience	\$ 1,230	\$ 17,626
Changes in assumptions	152,648	11,640
Differences between projected and actual investment earnings on pension plan investments	34,523	-
Differences between employer's contributions and proportionate share of contributions		120,081
Changes in proportion	462,884	-
Agency pension contributions made subsequent to measurement date	203,862	-
Total	<u>\$ 855,147</u>	<u>\$ 149,347</u>

The amount of \$203,862 report as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

<u>Year ended June 30</u>	
2019	\$ 219,191
2020	225,664
2021	77,580
2022	<u>(20,497)</u>
	<u>\$ 501,938</u>

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 13 - DEFINED BENEFIT PENSION PLAN, (Continued)

Actuarial Assumptions – The total pension liability was determined by rolling forward the total pension liability determined in the June 30, 2016, actuarial accounting valuation to June 30, 2017. The June 30, 2017 total pension liability was based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.75%
Salary Increases	Varies by Entry Age and Service
Mortality (1)	Derived using CalPERS' membership data for all funds
Post Retirement Benefit Increase	Contract COLA up to 2.75% until purchasing power protection allowance floor on purchasing power applies, 2.75% thereafter

(1) The mortality table used was developed based on CalPERS's specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the April 2014 CalPERS Experience Study and Review of Actuarial Assumption report (based on CalPERS demographic data from 1997 to 2011) available online at <https://www.calpers.ca.gov/docs/forms-publications/calpers-experience-study-2014.pdf>.

Other significant actuarial assumptions used in the June 30, 2016, valuations were based on the results of the actuarial experience study for the period from 1997 to 2011.

Change of Assumptions – In the measurement year 2016-17, the financial reporting discount rate was lowered from 7.65 percent to 7.15 percent.

Discount Rate - The discount rate used to measure the total pension liability was 7.15 percent and reflects the long-term expected rate of return for the Plan net of investment expense and without reduction for administrative expense. To determine whether the municipal bond rate should be used in the calculation of a discount rate for public agency plans, the amortization and smoothing periods adopted by the Board in 2013 were used. For the Plan, the crossover test was performed for a miscellaneous agent plan and a safety agent plan selected as being more at risk of failing the crossover test and resulting in a discount that would be different from the long-term expected rate of return on pension investments. Based on the testing of the plans, the tests revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the pension liability for the Plan. The crossover test results can be found on the CalPERS's website at <https://www.calpers.ca.gov/page/employers/actuarial-services/gasb>.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 13 - DEFINED BENEFIT PENSION PLAN – (Continued)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. The target allocation shown was adopted by the Board effective July 1, 2014.

<u>Asset Class</u>	<u>Current Target Allocation</u>	<u>Real Return Years 1-10</u>	<u>Real Return Years 11+</u>
Global Equity	47.0%	4.90%	5.38%
Global Fixed Income	19.0%	0.80%	2.27%
Inflation Sensitive	6.0%	0.60%	1.39%
Private Equity	12.0%	6.60%	6.63%
Real Estate	11.0%	2.80%	5.21%
Infrastructure and Forestland	3.0%	3.90%	5.36%
Liquidity	2.0%	-0.40%	-0.90%
Total	100%		

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents SAFCA's proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what SAFCA's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1- percentage point lower or 1- percentage point higher than the current rate:

Net Pension Liability	\$ 1,300,902
Current Discount Rate	7.15%
Net Pension Liability	\$ 797,730
1% Increase	8.15%
Net Pension Liability	\$ 380,995

Pension Plan Fiduciary Net Position - Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

NOTE 14 – POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Plan Descriptions – All qualified permanent and probationary employees are eligible to participate in the SAFCA's Public Employees' Medical & Hospital Care Act (PEMHCA) administered by the California Public Employees Retirement System (CalPERS), an agent multiple-employer defined benefit plan. SAFCA joined PEMHCA in July 2015. Benefit provisions under PEMHCA are established by SAFCA resolution.

Benefits Provided – Employees hired after June 2, 2015 are eligible to receive the minimum required CalPERS monthly allowance for medical insurance after retirement. The actual employer contribution amount will be the amount required by CalPERS at the time of retirement.

SAFCA employees hired before June 2, 2015 are eligible to receive the minimum required CalPERS monthly allowance for medical insurance after retirement. The actual employer contribution amount will be the amount required by CalPERS at the time of retirement. Some SAFCA employees currently are eligible to receive more than the CalPERS minimum. For these employees, the individual employment letter of agreement will document the methodology for providing a retirement health contribution as comparable to their existing benefit as possible.

Employees covered - At June 30, 2017, the measurement date, the following numbers of participants were covered by the benefit terms:

Active employees

15

NOTE 14 – POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) - (Continued)

OPEB Liability – SAFCA’s total OPEB liability of \$151,087 was measured as of June 30, 2017, and was determined by an actuarial valuation as of June 30, 2017.

Actuarial Assumptions – The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

<u>Actuarial Assumption</u>	<u>June 30, 2017 Measurement Date</u>
Actuarial Valuation Date	June 30, 2017
Salary Increases	Aggregate 3%, Merit - Tables from CalPERS 1997-2015 Experience Study
Discount Rate	3.58%
Inflation	2.75% per annum
PEMHCA Minimum Increase	4.25% after 2019
Participation at Retirement	Eligible for PEMHCA Minimum: 50% Eligible for Alternative Benefit: 100%

The discount rate was based on the Bond Buyer 20-Bond index.

Mortality rates were based on the Mortality Improvement Society of Actuaries Scale MP-2017.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of the CalPERS 1997-2015 Experience Study.

Sensitivity of the Total OPEB liability to Changes in the Discount Rate – The following presents the total OPEB liability of SAFCA if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2018:

	1.00% Decrease (2.58%)	Current Discount Rate (3.58%)	1.00% Increase (4.58%)
Total OPEB Liability	\$ 175,606	\$ 151,087	\$ 131,024

Total	\$ 14,718

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 15 – FUTURE GASB PRONOUNCEMENTS

In November 2016, GASB issued Statement No. 83, *Certain Asset Retirement Obligations*, effective for fiscal years beginning after June 15, 2018. This Statement addresses accounting and financial reporting for certain asset retirement obligations (ARO's). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in the Statement. SAFCA has not determined the effect, if any, on the financial statements.

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*, effective for fiscal years beginning after December 15, 2018. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. SAFCA has not determined the effect, if any, on the financial statements.

In June 2017, GASB issued Statement No. 87, *Leases*, effective for fiscal years beginning after December 15, 2019. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. SAFCA has not determined the effect, if any, on the financial statements.

In March 2018, GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, effective for fiscal years beginning after June 15, 2018. The objective of this Statement is to improve consistency in the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements, and to provide financial statement users with additional essential information about debt. SAFCA has not determined the effect, if any, on the financial statements.

In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, effective for fiscal years beginning after December 15, 2019. The objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (b) to simplify accounting for certain interest costs. SAFCA has not determined the effect, if any, on the financial statements.

In August 2018, GASB issued Statement No. 90, *Majority Equity Interests*, effective for the fiscal years beginning after December 15, 2018. The objective of this statement is to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The Commission has not determined the effect, if any, on the financial statements.

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 16 - CHANGE IN ACCOUNTING PRINCIPLES AND PRIOR PERIOD ADJUSTMENT

SAFCA adopted Governmental Accounting Standards Board (GASB) Statements No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective July 1, 2017. The objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. Refer to Note 14 for further disclosures related to the Plan and related balances. Also a prior period adjustment was made to record the capitalization of SAFCA's D15 Pump Station, that was put into service in March 1997 per Board Resolution 97-103. As a result of the implementation of GASB 75 and the prior period adjustment, SAFCA restated beginning net position as noted below:

Governmental Activities	June 30, 2017 Previously presented	Restatement	July 1, 2017 Restated

**SACRAMENTO AREA FLOOD CONTROL AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 1 – BUDGET

SAFCA's budget for the general fund is prepared on the budgetary basis of accounting. Encumbrances not liquidated in the current year are added to the subsequent-year budget for reporting and control purposes.

Encumbrances, which are commitments related to the future purchase of goods or services, are recorded in the General Fund. Encumbrances outstanding at year-end do not constitute expenditures or liabilities. Unencumbered appropriations lapse at year-end and encumbrances outstanding at that time are reported as restricted, committed or assigned fund balance for subsequent-year expenditures.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Annual budgets are adopted on a budgetary basis and are used as a management control device for the General Fund. All annual appropriations lapse at fiscal year-end. The Director of Administration prepares and submits a proposed budget to the Board of Directors in May for review. After reviewing the proposed budget and making such revisions as it may deem advisable, a final budget is prepared and adopted no later than the June board meeting. Revisions to the adopted budget must be presented to the Board of Directors by the Director of Administration and approved by resolution. The legal level of budgetary control is at the functional level.

VALUE THE *difference*

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Sacramento Area Flood Control Agency
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Sacramento Area Flood Control Agency (Agency), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Agency's basic financial statements, and have issued our report thereon dated December 21, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH BOND COVENANTS

Board of Directors
Sacramento Area Flood Control Agency
Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Sacramento Area Flood Control Agency (Agency), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Agency's basic financial statements and have issued our report thereon dated December 21, 2018.

In connection with our audit, nothing came to our attention that caused us to believe that Agency failed to comply with the provisions of the Series 2007, 2008, and 2012 Consolidated Capital Assessment District Bonds, Resolution No. 07-052, Article VII, Sections 7.01 to 7.11, the Series 2014 Natomas Basin Local Assessment District Bonds, Resolution No. 2014-033, Article VII, Sections 7.01 to 7.12, the Series 2015 Capital Assessment District Bonds, Resolution No. 2015-096, Article VII, Sections 7.01 to 7.12, and the Series 2016 Consolidated Capital Assessment No. 2 Bonds, Resolution No. 2016-108, Article VII, Sections 7.01 to 7.12, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding Agency's noncompliance with the above referenced terms, covenants, provisions, or conditions of the Indenture, insofar as they relate to accounting matters.

This report is intended solely for the information and use management of Agency and its Board of Directors and it not intended to be and should not be used by anyone other than these specified parties.
